POSITION | JUSTICE ADVISOR V
Overview

Justice Advisors will provide a broad range of advice and technical assistance on criminal justice issues to senior host country officials. The Justice Advisor positions are designed to build a just, open and professional criminal justice infrastructure in post conflict countries, establish sustainable democratic institutions and create stable environments for good governance by extending the rule of law to all citizens in a fair and equitable manner.

Justice Advisors Skill Sets Needed

Judicial practice, prosecution, narcotics prosecution, criminal defense, court administration, police-prosecutor coordination, compliance law, informal justice systems, access to justice and public information, ethics, alternative dispute resolution, basic and advanced legal education, financial crimes and terrorist crimes.

Responsibilities

Level V Justice Advisors will serve as leaders, (Chief of Team) for large and/or complex missions at the senior executive level. Level V Justice Advisors set overall mission direction working closely with INL and liaise regularly with US Government, senior host government and international leaders.

Requirements

In addition to the minimum requirements, Level V Justice Advisors must:

- Be licensed to practice law.
- Have a minimum 7 years supervisory and management experience.
- Have a minimum 12 years of progressively responsible experience in criminal law practice, or:
 - Have a minimum of 5 years criminal trial experience combined with 7 years' experience implementing international rule of law programs of which 4 years shall have been overseas.
- Have excellent analytical and communication skills.
- Possess visionary skills and ability to form strong partnerships in diverse cultures.
- Have a minimum of two years' experience in senior level positions on international rule of law missions.

WHAT YOU CAN EXPECT FROM CJPS

Valuable experience and critical skills which you can bring back to your work here in the United States and an insight into the effectiveness of a criminal justice system in developing democratic societies.
